DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 3/1/2006 has been entered.

Allowable Subject Matter

2. Claim 10-12 and 13-15 are allowed.

3. The following is an examiner's statement of reasons for allowance: The recited limitations of claims 10 and 13, **a second gate insulating film having a smaller film thickness in a region not covered with a gate electrode than that in a region covered with said gate electrode ... said second gate insulating film having a smaller film thickness from an end position of a gate electrode covering said second gate insulating film**, in combination with other claim limitations are not taught or fairly suggested by the prior art nor would it be obvious to modify the references of record so as to yield a thin film transistor of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Sefer whose telephone number is (571) 272-1921.
